SUGGESTED VEGETARIAN* MENU OPTIONS

(THIS IS NOT AN ALLERGEN MENU)

Valid
3/1/16 - 4/10/16

We have prepared this list of vegetarian menu suggestions based on the most current ingredient information from our food suppliers. Please be aware that none of our food items are certified vegetarian. Additionally, many of our recipes contain poultry, meat and fish products and normal kitchen operations involve the sharing of cooking and preparation areas, including common fryer oil. Therefore, it is possible for any food item to come into contact with animal products during preparation and/or cooking processes. Additionally, fried food items could pick up animal products during the cooking process. Therefore, we recommend that individuals seeking vegetarian menu items avoid ALL fried foods. Due to these circumstances, we are unable to guarantee that any menu items below can be completely vegetarian.
